ENROLMENT AVAILABILITY TO INTERNATIONAL STUDENTS

Italian Universities annually provide enrolment availability to international students.

University of Teramo has availability to enroll international students in its 1st and 2nd cycle study programmes with the following specifications:

- all 1st Cycle Degree Programmes are with no-restricted access, instead for 2nd cycle degrees an admission test is compulsory;
- the 5-Year Single-Cycle/Master's Degree Programme in Veterinary Medicine has a restricted access and candidates have to sit an entry test for admission to national fixed quota university courses (see section 1.3).

Enrolment Availability to Non-EU Students who are not resident in Italy

The enrolment availability list for non-EU students who are not resident in Italy is annually drawn up by the Ministry of Education, Universities and Research, and issued at the following website:

universitaly.it/studenti-stranieri

Enrolment Availability to International Students who aim at entering the 5-Year Single-Cycle/Master Degree Programme in Veterinary Medicine

For further details, see:

Admission procedure Master degree of Veterinary Medicine

Enrolment Availability to Chinese Students - "Marco Polo" Project

The enrolment availability list for Chinese students under the "Marco Polo" Project is annually drawn up by the Ministry of Education, Universities and Research. Such list is issued at the following website:

<https://www.studiare-in-italia.it/studentistranieri/>

ENROLMENT PROCEDURES FOR EU STUDENTS OR HOLDERS OF A RESIDENCE PERMIT IN ITALY

EU citizens and non-EU citizens resident in Italy with a valid residence permit apply directly to the degree programmes of the University of Teramo.

The 5-Year Single-Cycle Degree Programme in *Veterinary Medicine* only requires a mandatory, selective and competitive admission test.

For any further information:

https://www.unite.it/UnITE/Ammissione_Medicina_veterinaria_2024

How to enrol

Candidates enrol directly for the selected degree course after a preliminary approval of the compliance with the admission requirements by the International Welcome Office; Referent: Elena Perrotta email: eperrotta@unite.it).

The documentation normally required by higher education institutions in reference to the possession of suitable qualifications for entry to a course of study is the following.

Enrolling in 1st Cycle Degree Programmes and Single-Cycle Degree Programmes*

1. Final secondary education qualification obtained after at least 12 scholastic study years, or a fully legal substitute certificate; at the discretion of the individual higher education institution, the final qualification may alternatively be accompanied by a certificate issued by the Italian ENIC-NARIC centre (CIMEA), by certificates from foreign official bodies or by an eventual Declaration of Value issued by the competent diplomatic-consular mission (Dichiarazione di Valore).
2. Certificate declaring the pass grade of a special academic competence exam where required for entry to university in the country of origin.

Enrolling in 2nd Cycle Degree Programmes

1. official foreign qualification corresponding to the first cycle of the qualifications framework of the Bologna Process and level 6 according to the European Qualifications Framework (EQF), obtained at a higher education institution that allows the continuation of studies in the issuing country at academic institutions at the next level (second cycle of the Bologna Process/level 7 EQF) and that does not present any “substantial difference” according to the principles of the Lisbon Convention and the national methodology adopted by the Italian ENIC-NARIC centre (CIMEA); at the discretion of the single higher education institution, by a certificate from foreign official bodies or by an eventual Declaration of Value.
2. certificate issued by the university of reference stating the exams passed (transcript), as well as, for each subject, detailed programmes for the completion of said qualifications. The study programme can be certified by the Diploma Supplement, where it is adopted.

How to request the Declaration of Value

The Declaration of Value has to be issued by the Italian Embassy or the Consulate in the Country where the Degree has been issued.

Deadline for the submission of the documents for the admission is fixed on yearly base and reported at the following link:
<https://www.universitaly.it/studenti-stranieri>

** Applications of candidates who are still attending the last year at a high school and are therefore about to take final examinations as provided by the domestic education system and in order to enter a University in their country of origin, shall be accepted with reservations.*

ENROLMENT PROCEDURES FOR NON EU STUDENTS

When to enrol

Non-EU citizens who are not resident in Italy, shall enroll with the University of Teramo in accordance with the timetable annually issued by the Ministry of Education, Universities and Research.

For further information: <http://www.studiare-in-italia.it/studentistranieri/>

What to do

Here follows the step-by-step procedure necessary to enrol with the University of Teramo.

■ Pre-enrolment application

In order to start the University pre-enrolment procedures, the universities will instruct candidates to their study courses to access the UNIVERSITALY portal (<https://www.universitaly.it>) in order to fill in the relative “pre-enrolment request” online.

Within the UNIVERSITALY portal all the information for the completion of pre-enrolment requests will be found, aimed at facilitating the admission of candidates to university courses and related institutions and completing the pre-enrolment request.

The subsequent pre-enrolment phases will be completed at the relevant diplomatic-consular Missions for the purpose of obtaining the relevant visa, which will have to indicate within the said portal the acceptance or refusal of the issuance of the visa.

The deadlines for the procedures relating to pre-enrolment in the Laurea and Laurea Magistrale Degree Courses, with the exception of those with admission quotas, are defined by each University and published on their respective websites.

Registration for admission tests to Laurea Magistrale Degree Courses in Vet-

erinary Medicine follows the procedures outlined in the portal <https://www.universitaly.it>.

The registration for the test is carried out online by the student.

Registration for the test does not exempt the student from requesting an entry visa at the diplomatic-consular Missions, which must instead be initiated and formalized, in the manner foreseen, no later than the deadlines established by the calendar relating to the procedures for enrolment in nationally planned Bachelor's and Master's Degree Courses.

The procedure concerning the pre-enrolment in Post Graduate Courses as Master universitari, Dottorati di Ricerca (PHD), Scuole di specializzazione and corsi propedeutici (foundation courses), which must again be carried out on the <http://www.universitaly.it/> portal, do not follow the deadlines for enrolment in Bachelor and Master degree courses (Laurea and Laurea Magistrale), but take place according to the terms autonomously decided by the individual institutions, in relation to the start of the courses themselves.

Once the pre-enrolment application has been completed and validation by the competent institution of higher education has been obtained, all candidates must apply for a university study/enrolment visa at the Italian consular diplomatic mission of the country of residence.

■ Italian Language Test

The Italian Language Test is mandatory for Courses taught in Italian Language for students who do not held a certificate of Italian language level B2.

■ Italian Tax Code

You can obtain your Italian tax code (Codice Fiscale Italiano) before or after arriving in Italy.

Before arriving in Italy if the Italian Consulate/Embassy in your country offers this service, you can apply for an official Italian tax code before you travel to Italy.

To obtain the tax code after arriving in Italy you can go to the local “Agenzia delle Entrate” (Revenue Agency) office of Teramo during opening hours and by appointment, which you have to book on the “Agenzia delle Entrate” (Revenue Agency) website.

You must submit these documents:

- the application form, which must be completed and signed. If you do not yet have a permanent address in Italy, you can leave box C blank;
- for non-EU citizens: valid passport, with visa (when required);
- for EU citizens: passport or identity document.

■ **Residence permit**

Apply **within 8 days** from the arrival in Italy a residence permit.

Within eight working days of arrival in Italy on a type D “national” visa for STUDY (University Enrolment), the candidates must forward a request for a residence permit for STUDY to the police headquarters responsible for the city where they intend to establish their residence.

The request may be presented to Post Offices using the appropriate kit available at the said Offices.

At the moment of presentation of the request for a residence permit, the foreigner will be identified and must make the payment of the relative costs.

At the time of presentation of the dossier at the post office window, the student will receive an invitation of summons which specifies the date when he/she must appear at the specific offices of the police headquarters, together with photographs, to undergo the photographic and fingerprinting procedures.

At the moment of the foreigner’s appearance at the police headquarters, in cases where the dossier must be integrated with further documentation, the student will receive, pursuant to art. 10 bis of Law 241/1990, adequate information directly from the Immigration Office desk.

The Post Office produces a receipt of the delivery of a request for a residence permit which is equivalent to the receipt of the presentation of the dossier produced by the Police Headquarters and which, moreover, functions as proof of the authorized presence in Italy.

■ **Enrolment**

Candidates can now register according to the procedures indicated for each degree programme. For further information: https://www.unite.it/UnITE/Segreteria_Studenti/Segreteria_Studenti/Immatricolazioni_e_iscrizioni

Enrolment procedures in 1st-Cycle Degree Programmes and Single-Cycle Degree Programmes

Students interested in Laurea or Laurea Magistrale (Bachelor's degree or single-cycle Master's degree) courses should:

- a) access the UNIVERSITY portal and fill in the related “pre-enrolment request” which must be submitted subsequently to the Italian Mission of the place of residence once validated digitally by the university of reference;
- b) for those study courses where a unique national access test is necessary, that is Veterinary Medicine, the pre-enrolment request is to be considered automatically presented to all the other Universities indicated at the time of enrolment for the test as alternatives to the first choice;
- c) if the student is in the last year of secondary school and is about to take the final exam and/or the special academic competence exams where provided for, or if the university has indicated in the pre-enrolment request of the candidate that admissibility to the course is subject to further obligations, the application must be considered as accepted conditionally by the respective university, pending validation by the latter on the UNIVERSITY portal.

Preparatory documentation to request an entry visa from diplomatic-consular Missions

- a) Original copy of final secondary education qualification, obtained after at least 12 scholastic study years, or a fully legal substitute certificate, the final qualification may alternatively be accompanied by a certificate issued by the Italian ENIC-NARIC centre (CIMEA), by certificates from foreign official bodies or by an eventual Declaration of Value.
- b) Certificate declaring the pass grade of an eventual special academic competence exam eventually required for entry to University in the country of origin.
- c) Any other documentation relating to the authenticity of the foreign qualification.
- d) The summary of the pre-enrolment request as validated by the university.

Documents requested by higher education institutions

- a) Original copy of final secondary education leaving qualification , obtained after at least 12 scholastic study years , or a fully legal substitute certificate; the final qualification may be accompanied and at the discretion of each individual higher education institution by a statement released by the Italian ENIC-NARIC centre (CIMEA), by a declaration of official foreign institutions or by a Declaration of Value (Dichiarazione di Valore).
- b) Certificate declaring the pass grade of a special academic competence exam eventually required for entry to University in the Country of origin.
- c) If necessary, the translation of the documents listed in points a) and b).
- d) If necessary, any other documentation required by the university, also with reference to verifying the authenticity of the foreign qualification.

Enrolment procedure in 2nd-Cycle Degree Programmes

Students interested in Laurea Magistrale degree courses (not single-cycle Master's degree), must register on the UNIVERSITALY portal and pre-enrol according to the procedures indicated therein. They will then communicate to the Italian Mission in the country of origin the summary of the pre-enrolment request generated within the UNIVERSITALY portal, as validated by the institution of higher education.

Preparatory documentations to request an entry visa from diplomatic-consular Missions at the moment of the entry visa request

- a) Official foreign qualification corresponding to the first cycle of the qualifications framework of the Bologna Process and level 6 according to the European Qualifications Framework (EQF), obtained at a higher education institution that allows the continuation of studies in the issuing Country at academic institutions at the next level (second cycle of the Bologna Process/level 7 EQF) and that does not present any “substantial difference” according to the principles of the Lisbon Convention and the national methodology adopted by the Italian ENIC-NARIC centre (CIMEA) the final qualification can alternatively be accompanied by a

certificate issued by the Italian ENIC-NARIC centre (CIMEA), by a certificate from foreign official bodies or by an eventual Declaration of Value.

- b) Certificate released by the University of reference stating the exams passed, as well as, for each subject, detailed programmes for the completion of said qualifications. The student can check at the time of publication the number of places which each University reserves for each single degree course, and if and for which foreign languages the translation for said certificate has been exempted. Post-secondary studies (exams and credits) already gained can be certified by the Diploma Supplement, where in place.
- c) Any other documentation relating to the verification of the authenticity of the foreign qualification; d) the summary of the pre-enrolment request as validated by the University.

Documents requested by higher education institutions

- a) Official foreign qualification corresponding to the first cycle of the qualifications framework of the Bologna Process and level 6 according to the European Qualifications Framework (EQF) obtained at a higher education institution that allows the continuation of studies at academic institutions in the issuing Country at the next level (second cycle of the Bologna Process/level 7 EQF), and which does not present any “substantial difference” according to the principles of the Lisbon Convention and the national methodology adopted by the Italian ENIC-NARIC centre (CIMEA); the final qualification can be accompanied alternatively, by a statement issued by the Italian ENIC-NARIC centre (CIMEA), by a certificate from foreign official bodies or by a Declaration of Value.
- b) Certificate released by the University of reference declaring the exam transcripts, as well as, for each subject, detailed programmes for the completion of said qualifications; the study programme can be certified by the Diploma Supplement, where in place.
- c) Eventual translations of the documents listed in points a) and b).
- d) Other eventual documents requested by the university, including those relevant for the verification of the authenticity of the foreign qualification.

Italian Language Test for Admission to Degree Courses taught in Italian Language

Higher education institutions are obliged to test the linguistic ability of international students for admission to courses.

University of Teramo organizes a test of proficiency in the Italian language, compulsory for all Bachelor's degree and Laurea Magistrale a ciclo unico (single-cycle Master's degree) degree courses, except for those courses taught in English language. This test is held preferably online and before the visa application.

The outcome of the evaluation of linguistic knowledge will be certified and included in the pre-enrolment request, in order to exempt the diplomatic-consular Missions from the aforementioned verification. Even in the case of courses held in other languages, this language element must always be certified and included in the pre-enrolment request.

Considering that for such courses a test of Italian language knowledge is not required, students must still deliver satisfactory certification of an adequate knowledge of the foreign language in which the course is held. *Nobody may be admitted to further competitive or aptitude tests - if any - who has not passed the language test.* As regards the Laurea Magistrale (not single-cycle Master degree) degree courses, autonomous decisions by the universities must include the procedures for verifying knowledge of the Italian or foreign language in which the course is delivered.

Exemption from the language proficiency test but not from the quotas

The students exempted from the Italian language test, but subject to the limit of the specific number of places reserved for visa applicants and residents abroad are those who have obtained certificates of proficiency in the Italian language with a grade equal or higher than to B2 level of the Council of Europe, awarded as determined by the CLIQ (Italian Quality Language Certification) quality system, which unites in one group the current certification bodies (University for Foreigners of Perugia, University for Foreigners of Siena, Rome Tre University and the Dante Alighieri Society) as well as University for Foreigners

“Dante Alighieri” of Reggio Calabria, including agreements with Italian Institutes of Culture abroad or other institutions. These certifications may be achieved in the country of origin, in the approved exam centres found all over the world.

Exemption from the language proficiency test and quotas

For enrolment in Laurea and Laurea Magistrale a ciclo unico (single-cycle) degree courses, exemption of the language test is granted to, irrespective of the number of reserved places:

- a) those students who hold the final 4th or 5th year senior secondary school diploma awarded by Italian State or recognized schools abroad;
- b) the holders of certificates pertaining to the Lower Secondary School final qualification obtained in Argentina, which certify the attendance of a study course which includes the teaching, for at least 5 years, of the Italian language, according to Law no. 210 of 7.6.1999 (Gazzetta Ufficiale no. 152 of 1.7.1999);
- c) those students who have earned the Diploma in Italian Language and Culture at the Universities for Foreigners of Perugia and Siena;
- d) those students who have earned the certification in Italian language proficiency, with a grade of C1 or C2 of the Council of Europe, awarded as determined by the CLIQ (Italian Quality Language Certification) quality system, which unites in one group the current certification bodies (Universities for Foreigners of Perugia and Siena, Roma Tre University and the Dante Alighieri Society), as well as those issued by the University for Foreigners “Dante Alighieri” of Reggio Calabria, including agreements with Italian Institutes of Culture abroad or other accredited institutions. For enrolment in Laurea Magistrale degree courses (should the University autonomously require the test) exemption is granted to those students holding the qualifications outlined in the previous letters d) and e).

APPLYING FOR AN ENTRY VISA AND A RESIDENCE PERMIT

Before leaving home, international students need to find out about the Italian laws governing a stay in Italy. Citizens from any EU country – as well as citizens from the Switzerland, Norway, the Principality of Liechtenstein, Iceland, Andorra, the Principality of Monaco, the Republic of San Marino and the Vatican City – have the right to enter Italy, move and reside freely in Italy for a maximum of three months.

Entry Visa for Study Purposes

How to apply for an entry visa: <http://vistoperitalia.esteri.it/home.aspx>

Short-Stay Visa

Since the Single-Cycle Degree Programme in Veterinary Medicine has restricted access, candidates need to ask for a short-stay entry visa in order to take the mandatory entrance exam.

Visa for Study Purposes

Once completed the pre-enrolment procedure, students need to apply for an entry visa for study purposes/“Application to Italian Universities” to the Italian Diplomatic Missions in their own country of origin.

A visa for study purposes shall be issued only for the enrolment in a 1st-Cycle or a 2nd-Cycle Degree Programme.

Requirements to receive a Study Visa

To obtain a visa for STUDY purposes for University Enrolment (type D “national”) and, subsequently, of a residence permit, the foreign student must demonstrate being in possession of the following requisites:

- a) economic means for subsistence during the planned stay. These means are quantified as €467.65 per month for each month of duration of the academic year, equal to €6079.45 per year. The availability in Italy of such means of support must be proven through personal or parental economic guarantees or of Italian or by foreign bodies or citizens legally residing in the territory of the State, or provided by Italian Institutions or Authorities of proven liquidity, including Universities, local Government, foreign Institutions or Authorities deemed reliable by the Italian diplomatic Mission;
- b) the availability of the necessary sum for repatriation, which can also be demonstrated by showing a return ticket;
- c) suitable lodgings in the national territory;
- d) adequate insurance cover for medical expenses and hospital stays (Art. 39 paragraph 3 Consolidated Law n. 286/1998 and Ministry of the Interior Directive 01.03.2000), which the student must demonstrate being in possession of, at the time of the residence permit request.

The following modalities are accepted:

- consular declaration which demonstrates the right for health care cover due to an Agreement between Italy and the Country of origin;
- foreign insurance policy, whose cover must be valid in Italy, and which should not include limitations or exceptions to the tariffs established for urgent hospital admittance for the length of the cover;
- insurance policy with Authorities or national companies accompanied by a declaration from the insuring entity that specifies the absence of limitations or exceptions to the tariffs established for urgent hospital admittance for the length of the cover. In cases in which a visa for STUDY reasons for University enrolment (type D "national") is issued to the individual candidate, the diplomatic-consular mission with jurisdiction must confirm the conclusion of this procedure on the UNIVERSITALY portal.

Documents on arrival in Italy

Italian tax code

(Codice Fiscale Italiano)

International students can obtain your Italian tax code (Codice Fiscale Italiano) before or after arriving in Italy.

Before arriving in Italy if the Italian Consulate/Embassy in the country offers this service, students can apply for an official Italian tax code before travelling to Italy. After arriving in Italy to obtain the tax code students can go to the local “Agenzia delle Entrate” (Revenue Agency) office of Teramo during opening hours and by appointment, which you have to book on the “Agenzia delle Entrate” (Revenue Agency) website.

You must submit these documents:

- the application form, which must be completed and signed. If you do not yet have a permanent address in Italy, you can leave box C blank;
- for non-EU citizens: valid passport, with visa (when required);
- for EU citizens: passport or identity document.

Residence Permit

(Permesso di soggiorno)

Within eight days after their arrival in Italy, students holding a type-D visa for study purposes (see <http://www.poliziadistato.it/articolo/view/10620/>) need to apply for a residence permit at the foreign citizens' office at the competent Police Station (“Questura”) in the town where they want to take up residence forwarding it through the Post Office.

Within eight working days of arrival in Italy on a type D “national” visa for STUDY (University Enrolment), the candidates must forward a request for a residence permit for STUDY to the police headquarters responsible for the city where they intend to establish their residence.

The request may be presented to post offices, using the appropriate kit available at the said offices or directly to the CAF office which fulfill the request for you.

At the moment of presentation of the request for a residence permit, the foreigner will be identified and must make the payment of the relative costs.

At the time of presentation of the dossier at the post office window, the student will receive an invitation of summons which specifies the date when he/she must appear at the specific offices of the police headquarters, together with photographs, to undergo the photographic and fingerprinting procedures.

CHINESE STUDENTS UNDER THE “MARCO POLO” PROJECT

The students interested in the “Marco Polo” project need to pre-enrol at an Italian Embassy or Consulate in China – from April 14, 2017.

When pre-enrolling, students are required to specify the 1st-Cycle or 2nd-Cycle Degree Programme and the University they prefer, choosing among those which have reserved places for “Marco Polo” students.

For further information:

<http://www.studiare-in-italia.it/studentistranieri/>

THE CENTRE FOR MODERN LANGUAGES

The University of Teramo Centre for Modern Languages (CLA) offers courses of Italian (levels from A2 to B2) and English language (levels from A2 to C2) to improve the skills of international students enrolled and in mobility (Erasmus, other programs).

The courses are free of charge and delivered in different sessions during the academic year.

After a placement test, participants are divided into different groups on the basis of their individual level of competence.

The courses end with a final test and a certificate will be issued.

Address

Teramo - Aurelio Saliceti Campus - "Gabriele D'Annunzio" Building
phone no.: +39 0861 266084 - cla@fondazioneuniversitaria.it
http://www.unite.it/UniTE/Centro_linguistico

TUITION FEES

The amount of tuition fees is defined according to the principles of fairness, solidarity and progressivity as well as the economic state of each student, in order to grant able and outstanding students the right to have access to the highest levels of study even if they lack economic means and in order to reduce the university drop-out rate.

1. For international students resident in developing countries - identified by MUR Decree No. 556/2016 – the fee is equal to 50,00 euro, plus some additional compulsory costs are due to one fixed duties and the regional tax (156,00 euro).

TOTAL AMOUNT 206,00 EURO

2. For international students resident in countries other than those indicated in the MUR Decree No. 556/2016, both European and non-European, the fee is equal to 300,00 euro plus some additional compulsory costs are due to one fixed duties and the regional tax (156,00 euro).

TOTAL AMOUNT 456,00 EURO

SCHOLARSHIPS AND FINANCIAL SUPPORT

The “Azienda per il Diritto agli Studi Universitari” (Agency for the Right to Higher Education, ADSU) in Teramo, in the framework of the guidelines issued by the Abruzzo Region, plays a pivotal role in supporting outstanding students and those who are exposed to poor living conditions as well as offers to all students a wide range of services, initiatives, aids and benefits – such as:

- Scholarships
- Grants to accommodation costs
- Extraordinary grants for study purposes
- Honor grants to scientifically-outstanding final dissertations
- Transport services
- Cultural initiative, sports events and recreational activities in cooperation with the University
- Services for disabled students
- Exemption from regional fees
- International mobility for students
- Refectory services

Students who are interested to access the services and benefits provided by the ADSU of Teramo may find further information at the following link:
www.adsuteramo.it

HEALTH SERVICES IN ITALY

EU Citizens

Citizens having the right to healthcare within one of the EU Member States as well as within the European Economic Area (including Iceland, the Principality of Liechtenstein, Norway and the Switzerland), shall be given healthcare assistance in Italy as well provided that they hold at least one of the following documents:

1. the European Health Insurance Card/TEAM card;
2. a certificate ("attestato di diritto") other than the EHIC/TEAM card to be submitted to the local health unit (ASL).

For further information:

www.salute.gov.it/portale/temi/p2_6.jsp?lingua=italiano&id=2560&area=Assistenza%20sanitaria&menu=stranieri

Non-EU Citizens

Access for non-EU citizens holding a residence permit in Italy to the National Health Service may vary depending on the reasons of their stay.

Non-EU citizens who will be staying in Italy for stays of maximum three months but in any case temporarily, may have access to all emergency or otherwise essential healthcare only after paying the corresponding regional fees.

Students, au pair people and non-EU citizens holding a residence permit are required to register with the National Health Service and apply to the local health unit (ASL) in the municipality of residence or, whether not yet holding a residence permit, in the place reported in the residence permit as one's own official address.

The registration to the Italian Health Service costs 700,00 euro per year (Janu-

ary-December), it is suggested to make an international health insurance in your Country for at least one year and that it can be renewable because needed for the residence permit and its renewal.

THE INTERNATIONAL WELCOME OFFICE

The office provides foreign Students, Researchers and Professors with personalized support on mobility-related issues and enrolment information and procedure and tailored assistance before, during and after their stay at the University of Teramo.

The University offers funded positions as Visiting Professors and Researchers each Academic Year.

The International Welcome Office supports students, Researchers and professors:

- providing with information kits for administrative procedures in Italy (VISA, etc.);
- putting in touch with our offices;
- assisting to coordinate with the Italian Consulates in your Country;
- networking with professors, researchers and students at the university.

Once in Italy the International Welcome Office offers:

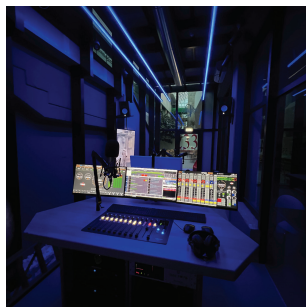

- specific support for visiting professor and researcher;
- assistance to apply for a residence permit;
- administrative assistance from arrival to departure;
- help to set you up in Italy and to find your way in administrative and registration processes (e.g. opening a bank account, health insurance, housing research);
- making your access to student life easy;
- finding suitable Italian language classes for you;
- access to research and higher education resources (libraries, documentation centres) and work / study locations;
- culture and integration programmes.
